

Procure 21 Project—East Riding Community Hospital, Beverley

Providing a brand new hospital with upgraded facilities

Client	East Riding of Yorkshire Primary Care Trust
Project	East Riding Community Hospital Development
Project Details	Value: £ 19m
Programme	2011—2012

Objectives

- > Replace, upgrade and expand existing services provided by Beverley Westwood Hospital
- > Provision of enhanced day care facilities
- > Greater proportion of single bedded rooms
- > Relocation of the PCT's training facilities for Information Technology
- > Ready for admissions by Summer 2012

Derrick Kershaw Partnership

- > Trust's Cost Advisor
- > CDM Co-ordinators on the project
- > Delivering the project with Procure 21

The delivery of the new East Riding Community Hospital Development is the catalyst for the implementation of the new wider Community Services strategy. Each of the three community hospital developments will be supplemented by Neighbourhood Team Bases of therapists, nurses, and social care staff who will work together to provide virtual "community wards".
